2. Master Terms, Specifications & Services Agreement

This Terms and Plan Specifications Agreement (the "Agreement") governs the relationship between Conect-R (the "Service Provider") and the subscribing business entity (the "Client"). By signing this Agreement, the Client acknowledges and accepts the following terms and conditions:

1. Covered Services and New Services

This Agreement governs the provision of memberships, digital links, NFC hardware delivery, and access to any New Service or Platform offered by Conect-R (including, but not limited to, metric panels/dashboards, software integrations, and marketing or CRM tools). The exact specifications of the chosen plan or other supplementary services will be detailed in the respective purchase order.

2. Plan Eligibility and Restrictions

Each business entity is limited to one (1) purchase per specific plan. Continuous service is managed exclusively through plan upgrades or downgrades. Duplicate purchases of the same plan for the same business location are not permitted.

3. Plan Upgrades and Hardware Adjustments

When upgrading to a higher-tier plan, the initial setup fee is waived. However, the Client must pay the price difference for any additional hardware required to meet the specifications of the upgraded plan.

4. Delivery Times for Digital Updates

All requests for changes to menus or links included in the membership will be processed within forty-eight (48) hours of receipt of the official request.

5. Hardware Delivery Times

The initial delivery of custom printed hardware is subject to a production time of fifteen (15) to twenty (20) business days following final design approval.

6. "Use It or Lose It" Policy

Monthly benefits, including hardware replacements and menu or link updates, do not roll over and are not transferred to subsequent billing cycles.

7. Replacements on Demand

Hardware replacements are provided upon request and are subject to the limits and availability of the active plan. Requests exceeding the monthly allocation will be billed at \$100.00 USD per request or \$30.00 USD per unit.

8. Cancellation and Termination Policy

Membership plans are billed month-to-month. Cancellation may be requested at any time; however, the service will remain active until the end of the current paid billing cycle. To avoid the next automatic charge, cancellation requests must be submitted at least thirty (30) days prior to the next billing date. Setup fees and monthly payments are non-refundable, and no partial refunds or prorated credits will be issued. Upon cancellation, all physical hardware acquired will remain the property of the Client; however, all digital links, access to integrated panels, and cloud hosting tied to Conect-R will be immediately deactivated upon cutoff. Reactivation of a canceled service is subject to a \$50.00 USD reactivation fee.

9. Shipping and Handling Costs

The Client acknowledges and agrees that all shipping and delivery costs associated with the provision of physical hardware (e.g., NFC displays, cards, wristbands, or spare parts) are the sole responsibility of the Client. Shipping charges are not included in the base plan prices and will be billed separately or collected prior to proceeding with the shipment.

10. Payment Authorization and Stored Card

The Client acknowledges and agrees that their payment card will be stored in an automated and secure manner within the Conect-R payment gateway for billing purposes. By adhering to this Agreement, the Client expressly authorizes Conect-R to charge the stored payment method for applicable monthly subscription fees, recurring services, add-ons, and other agreed-upon charges, until the subscription is properly canceled in accordance with Clause 8.

11. Confidentiality and Data Privacy

Conect-R acknowledges that, in the course of providing modern technology services, it may have access to internal commercial information ("Client Data"). Conect-R firmly commits to maintaining the strictest confidentiality regarding such information, applying it solely and exclusively to optimize and optimally provide the agreed services or enhance the Client's experience.

12. Limitation of Liability and Disclaimer of Warranties

Conect-R provides its applications and services "as-is" and "as-available". All implied or explicit warranties are disclaimed, including warranties of merchantability or fitness for a particular

purpose.

3. Agreement Formalization

By signing below or providing your validation within a payment portal, the Client confirms that they have carefully read, understood, and agree to be bound by the terms and privacy conditions contained in this modern service agreement.
